

November 11, 2016

Builder: Andrin Bathurst Homes Limited

Project Name: Claridge Gate

### Warranty and Guarantee

Central Glass and Mirror Limited guarantees all work performed (Mirrors, and Shower Enclosures) against defective workmanship for one year and material warrantee will be 1 years from date of substantial completion and acceptance of the work.

Upon written notice from the Owner/Builder, such repairs will be completed within 15 working days.

### CLEANING OF GLASS AND MIRROR

For best results when cleaning glass and mirror use warm water with a soft cloth and be sure to dry the edges thoroughly. Removing dirt and grit with dry cloth will scratch glass surface.

This is most important when there is a frame around the glass and mirror where channels are installed or with mirror in the sliding closet doors.

Never Use cleaners with Acid Alkali or Ammonia bases as their usage will void all warranties.

Most household glass cleaners are Ammonia base and will cause blackening at the mirror edge. Remove surface marks with 0000 oil free steel wool, not solvents or abrasive cleaners. Never spray cleaners directly onto mirror. Instead, apply cleaner to a soft cloth then wipe.

Regards

Jim Kennedy
